

Navigating for Success (NFS)

Online Professional Training for Nutrition Program Educators

Designed for
EFNEP
&
SNAP-Ed

The in-person training delivered to 100s of educators in 21 states is now online!

NFS TRAINING GOALS

Reaching not Just Teaching

Learn to deliver effective lessons and presentations combined with best practices in teaching adult and youth learners in a variety of settings.

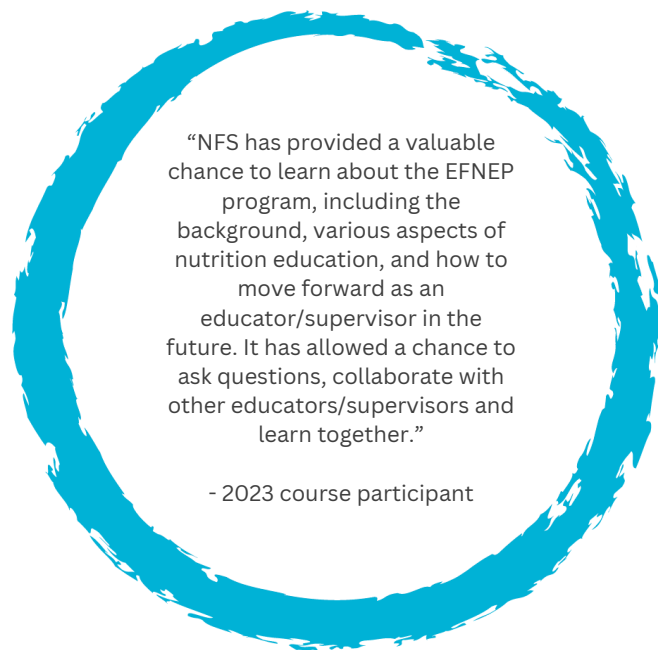

Strengthen Your Knowledge

Learn current nutrition research, resources, and recommendations; principles of food safety and food resource management.

Make Connections

Learn marketing and communication strategies to increase program participation; and proper data collection procedures. Network through two weekly Zoom cohort discussion with a course facilitator.

“NFS has provided a valuable chance to learn about the EFNEP program, including the background, various aspects of nutrition education, and how to move forward as an educator/supervisor in the future. It has allowed a chance to ask questions, collaborate with other educators/supervisors and learn together.”
